Freelance designer at UAB “Eurospalvos” (Eurocolors), Vilnius
Website creation and design
- 2000 Personal Contract (April – May)
Alfredas Daulius, Siauliai
Freelance designer, jewelry exhibition poster and brochure

Position Details

I was responsible for the process of the projects from the beginning till the end. I have worked both on my own and in a team. Also, I communicated with the customers, provided them with the concepts of design and coordinated the technical solutions. Moreover, I tried to find the best problem solutions, new technologies and easier and quicker work efficiency.

I coordinated the given material, corrections made and the final draft of the project with the customers as well as with the intermediary companies.

I organized group's work and instructed and trained the employees. Besides, I arranged the work and technological solutions with the agents.

Print & Press Experience: books, newspapers, flyers, brochures, posters

- I am acquainted with printing particularities.
- I created the concept design, pasted-up the layout and illustrated it.
- I prepared the print files for press and coordinated the technological solutions with the third parties.

Website Experience: website design, layout, navigation, illustration and graphics (images, banners, animation)

- I am acquainted with website design features.
- I created the concept design, generated the idea and structured it.
- I prepared HTML layout and CSS style

- I created convenient and logical navigation as well as menu and other navigational blocks
- I arranged the layout with the programmers, created separate page elements and graphics (illustrations, banners, animation).
- I used FTP to place a page to server and made renovations.

Media Experience: preparation of presentations, e-books, CD and other media (audio, video, animation)

- I got acquainted with multimedia and CD technologies. Creation of concept design, generation of an idea and its structuralizing.
- Created layout, navigation and navigational blocks.
- I mached inbetween various media technologies (html, slideshow, panorama images, video, audio, flash animation, 3D graphics)
- Coordinated the layout with the programmers. Prepared and coordinated the layout with CD makers.

Client work includes projects for: British Council, SEESAM, OBER HAUS, “BOD” Baltic Optical Disc, RUBIKON, RUBIKON DECOR, AON Consulting, FERMENTAS, EUROCOLORS, AMITEKA, VILKMA, BMK, PRIOR Music, NOKIA, EEC, ENERGOSTRATEGIJA, KEMI, LLRI, LIAPO, VPLC, ROTARY Club, Artist guild, travel agencies, museum, art and secondary schools.

Technology and Computer Knowledge

- Sound paste-up and optimization, integration to various presentations and websites (mp3, wma, wav.)
- Paste-up of video projects, their optimization; manufacture of layouts of DVD and CD, integration to web (Adobe Premiere, Flash, quicktime, real, wmv, Sorenson codec)
- Printing and creation of media labels and packages (printable 8 and 12 cm CD's & DVD's, media cards, paper labels, box covers and bags)
- Creation of 3D animation and illustrations (Strata 3D, 3D studio MAX); integration to flash and video clips.
- Photography, scanning and imaging process.
- Looking for the material in catalogues.
- Stitching of images to 360 panorama images, creation of panoramas and navigation. Integration into the internet and media projects.
- Creation of standalone .exe, PDF and HTML books (Hypermaker, Flash, HTML, Acrobat)
- Preparation of print files (Distiller, Acrobat)

Software

ADOBE: Illustrator, Photoshop, PageMaker, Acrobat, Premiere, Distiller.
MACROMEDIA Flash, Freehand, Fireworks, Dreamweaver,
Strata3D, 3D studio max, Hypermaker
MS office, Open Office.

Education

B.A., Art and design 2001
Siauliai University, Siauliai.
